¹ Important! This desk phone EHS solution utilizes the USB port on the Jabra GN9350e and the Jabra GN9330e USB product. Connection to PC not possible simultaneously.
² The Jabra GN9300e Series were verified as compatible with Nortel phones: 1120E, 1140E and 1150E in a controlled laboratory environment.
Visit the Nortel website to view important legal notices about Compatible Products.

See page 29 for order info

SET UP INFORMATION

To connect your Nortel phone and Jabra headset, just follow these simple steps:

SETTING UP THE NORTEL PHONE

1. In the "Preferences" menu, choose "Headsets ..."
2. Press the "Apply" button.
3. In "Active Headset Device" select the appropriate headset type from a list of *Wired*, *USB*, or *Bluetooth* headsets.

Selection of a particular headset type fine tunes the audio to that particular headsets type. Selecting the right headset type is therefore recommended to achieve best performance.

EHS functionality operates in PC/ computer mode of Jabra GN9350e, not phone mode.

USB Connection Phone to Headset

UNISlim firmware release 3.1 for IP Phones is available for download from the "Software Download" link under "Support and Training" on the Nortel website located at: <http://support.nortel.com>. The firmware is available by phone model under "Phones, Clients and Accessories". These firmware loads have not been introduced as the default loads for the IP Phones shipped from Nortel, and must be installed by your system administrator.
