

QUICK REFERENCE

For more than 40 years, Plantronics has been delivering reliable headsets and crystal clear sound to **CONTACT CENTERS** and other companies where performance is critical. Today we're adding more styles to the mix—offering wearing options that suit almost any preference. We're also delivering security features for greater privacy, exceptional comfort for all-day wearing and DECT™ (1.8 GHz) voice-dedicated technology for greater wireless call clarity.

SEE OUR COMPLETE LINE OF CONTACT CENTER HEADSETS AT www.plantronics.com

● ● → **GET UP AND GO WITH QUICK DISCONNECT™**

Walk away from your phone while still wearing your headset, and then get right back to business when you return using our unique Quick Disconnect feature.

SUPRAPLUS® WIRELESS HEADSETS*

Move freely about the contact center while using your headset to answer and end calls. SupraPlus Wireless delivers unmatched reliability and all-day wearing comfort, making it perfect for contact center managers.

*Take and end calls remotely, using only your headset, by adding an HL10 Lifter.

SUPRAPLUS CORDED HEADSETS

Experience the gold standard in performance and reliability from our top-selling corded headset. Crystal-clear sound ensures fewer abandoned calls and greater productivity in even the noisiest environments, making SupraPlus the most trusted contact center headset in the world.
