SET UP INFORMATION

To connect your Yealink phone and Jabra headset with the Yealink-cable, just follow these simple steps:

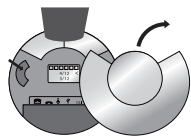

SETTING UP THE YEALINK PHONE

1. Plug the single end of the Y cable in the headset socket on the phone's acoustic adaptor
2. Connect the RJ9 plug in the normal phone socket on the headset base

Setting up Jabra PRO™ 9400 and Jabra GO™ 6400 – follow the guide on page 28.

SETTING UP JABRA GN9350e

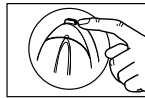

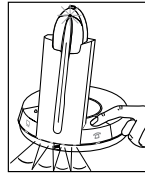

3. Open up the cover on the base unit.
4. On the LCD display, navigate to the handset picture.
5. Navigate to the DHSG mode and select it by pressing the OK button.
6. Set Compatibility selector in position "A".

SETTING UP JABRA GN9330e

1. Place the headset in the base with its indicators facing you.
2. Press the Telephone button on the Base for 6 seconds while the headset is in the base until the headset's blue LED is flashing rapidly
3. Use the volume up/down button to shift between the different EHS settings – see table below.

The base unit's 4 battery indicators show which EHS mode the Jabra GN9330e is in.

GN RHL (Default)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
DHSG	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
AEI	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
MSH	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Note: If more than 15 seconds elapses without pressing the volume + or volume - button, the last selected interface will be activated.

4. Set the base unit to the DHSG mode.
5. To set the EHS mode, press the Telephone button on the Base for 6 seconds until the 4 battery indicators flashes once. Now wait 5 seconds and the headset is initialized.
6. Set Compatibility selector in position "A".

SETTING UP JABRA GN9120/ JABRA GN9125

1. Set compatibility selector (Telephone Termination Switch Wheel) in position "A"
2. Set the base unit to the DHSG mode by keeping the headset in the base and hold the volume +/- buttons on the headset for 6 seconds until the red light on the base flashes rapidly.
3. Scroll through the four different settings using +/- and set to the lips icon. Leave for 15 seconds until the unit has displayed the confirmation flash sequence and it is ready to go!
